

Resident/Fellow Educational Stipend Policy

- Categorical residents receive \$1,000 over the course of residency education to purchase educational material.
- Residents in one year programs receive \$ 500 over the course of their educational program year.
- PGY5 Fellows get \$250 over the course of their educational program year.
- These purchases can be used in one installment or several over the course of training.
- Residents must check prior to purchase to ensure that the material requested is approved by the program director.
- They must also confirm that the remaining fund amount covers purchase or agree to fund part or purchase with their own monies.
- Residents purchase the materials and then require program reimbursement.
- Residents must spend educational stipend prior to the last 6 months of residency.
- This stipend can be used for tablet/iPad purchases.
- All monies not used are forfeited.

Radiology residents are excluded because of a program decision to utilize these monies for radiology specific materials.
